Hi group;  
this is the first time I have tried to e-mail a "group" i.e. the KHCC committee so I am crossing my fingers that it works.

firstly, Kathy, I got your e-mail re: the Santa Claus parade. Unfortunately I will be in Huntsville that weekend. It looks like it could be fun. This brings me to another point. I have not been a good member. I don't usually take something like this on without doing my share. I talked to Doug about this in the past year and hopefully my life will regain some order in the new year but I seem to have taken on a little too much. I am a director on the Federation of Ontario Cottagers Associations executive and have been elected to the management committee which means two trips to Toronto per month. I am a director of my Credit Union board and have other committee responsibilities. I am on the management committee for the Canadian Football Hall of Fame (another area that I haven't been able to give proper commitment) and I am past president and an executive of my own cottager's association. All of this would have been much easier to manage if I could have stayed "retired" but because of circumstances I had to get a part time job and it involves some evening work.

I have a firm commitment from my employer for a regular schedule of working hours which gives me two regular days off (Monday and Thursdays) along with alternate weekends and I will know shortly if they will come through with alternate weeks for evenings.

If you wish I will continue as an alternate member and see how my time works out. Otherwise, if you can replace me I would very much understand and would bow out with regrets.

For now, my new address as of Nov. 30 will be 457 Trinity Church Rd.,  
R.R.#2 Hannon, on  
L0R 1P0 and my new phone number will be (905) 692-1027

## SAVE THE KEEP HAMILTON CLEAN COMMITTEE

Winner of the 1998 Environmentalist of the Year Award

The Keep Hamilton Clean Committee is a subcommittee of the city of Hamilton. It was formed thirteen years ago to address the litter problem in the downtown area.

Our mission is "to report and/or recommend to the Public Works Department on matters with respect to littering, dumping, defacing property by means of illegal postings, graffiti, etc. and on generally keeping Hamilton clean".

We are twelve unpaid volunteers appointed to three-year terms, assisted by a staff advisor. Our annual budget is about \$13,000.

The committee accomplishes a great deal with this budget.

Our three largest annual activities include Pitch-in week, the "Hot Spots Tour" and local participation in the International Coastal Clean-up.

Pitch-in week is coordinated with similar activities across Canada through "Pitch-In Canada". Last year about two hundred volunteer groups totaling 21,6000 volunteers, mainly young people, filled about 10,000 bags with litter during the week. We promote this event in many ways, including arranging for promotional spots with a commercial radio station, showing a traveling puppet play to elementary school children, advertising on the Hamilton Wentworth Community Network and obtaining media news coverage.

During the "Hot Spots" tour we solicit tips from the public on litter-ridden sites within the City. Late in May committee members tour the worst of the sites accompanied by media reporters. We rank the sites and the locations are publicized through the media. Many of the identified sites are subsequently cleaned up by the owners.

The International Coastal Cleanup event takes place at over 100 locations in North America on the same weekend in September. We organize a number of volunteer SCUBA divers to retrieve underwater litter from a selected site in the City. We arrange marine safety patrols, the Hamilton Fire Departments' decontamination unit for the divers, and logistical support from the City Parks staff. We also obtain significant media coverage for this event.

Other committee activities include various public education outreach initiatives:

- A public service announcement designed and produced by local high school/college students
- A traveling public display documenting committee activities
- Annual participation in Earth Day
- Annual participation in the City's Santa Claus Parade
- A weekly "Spotless Spot" environmental themed coloring contest for children
- Provision of judges and cash prize for the annual Hamilton Science and Engineering Fair
- Invitation of delegates from City high schools and universities to attend meetings and committee events

The Keep Hamilton Clean Committee should be continued. Membership in this committee and the scope of its programs should be extended to the new Hamilton megacity. Existing volunteer programs with parallel aims in the Municipalities amalgamating with Hamilton should be continued within the committee. Additional time should be budgeted for the staff advisor to support the increased scope of the programs.
